## IMMIGRATION

### ICE Continues March 2020 Guidance until Spring 2023

The Student and Exchange Visitor Program (SEVP) has extended the guidance originally issued in March 2020 for the 2022-23 academic year. This guidance enables schools and students to engage in online learning in excess of regulatory limits due to the continuing public health concerns created by COVID-19.

#### What does this mean for you?

- Continuing students who were enrolled in classes as of March 9, 2020 and have continued enrollment can take online classes. Students who arrived after March 9, 2020 who took at least one hybrid or in-person class in their first quarter can continue to take online classes.
- New students must have at least one hybrid/in-person class during their first quarter.

- This guidance will be in place until Spring 2023.

**Frequently Asked Questions from SEVP stakeholders and the impacts of COVID-19 on F and M students:** [FAQs for SEVP Stakeholders about COVID-19 \(ice.gov\)](#)

## **IMPORTANT! - Update your Contact Information:**

Your address, phone number, and email must be kept current in our database to maintain legal F-1 student status in the US. If your address, phone number, and email have changed, please update it online in your **ctcLink student account and complete online check in!**

### **How to update your contact information on CtcLink:**

<https://www.seattlecolleges.edu/media/481>

---

## **SCDGlobal**

SCDGlobal is where students can go to submit their immigration and insurance requests such as: an enrollment letter, a vacation quarter, purchasing or waiving insurance, or a replacement of lost/damaged I-20. To access SCDGlobal go to this website:

<https://iom.seattlecolleges.edu/istart/controllers/start/start.cfm>

To login use your MySeattleColleges username and password, this is the same as your Seattle Colleges email address and usually looks like this: firstname.lastname. Example Email:

[snow.white@seattlecolleges.edu](mailto:snow.white@seattlecolleges.edu) = snow.white If you do not know your MySeattleColleges username or you forgot your password, you can find that information online here: <https://tools.seattlecolleges.edu/home>

### **Online Check-In through SCDGlobal:**

All new students are required to complete the Online Check after arriving in the United States (for those who were able to enter the US this quarter) and prior to the start of the quarter. If you need to complete your online check-in, please follow these instructions:

1. Login to [SCDGlobal](#)
2. Click on 'Pre-Arrival' and 'Online Check-In'
3. Complete all sections of the E-form: submit your US address, emergency contact information, and upload all required documents: a photo of your signed I-20, F-1 Visa, and I-94 or port of entry stamp (the stamp located next to your F-1 Visa in your passport)

### **First time logging into SCDGlobal:**

The first time you login to SCDGlobal, it will ask you for your University ID number and your birthday. For most students, you will need to use your CTCLink ID number as your University ID number. Occasionally, there are technical errors, and you may need to use a temporary ID number. If you have any trouble

logging in, please contact the International Programs office and we can provide you with a temporary ID number.

## On-Campus Employment - F-1 Employment Basics and Eligibility

- F-1 Students are eligible to work on campus for 20 hours a week during the quarter. An F-1 student may, however, work on campus full-time when school is not in session or during their annual vacation. [8 CFR 214.2(f)(9)(i)]. Seattle College only allows part-time employees to work 16 hours per week.
- F-1 Students are NOT allowed to work off campus without prior approval from a DSO with the IP Office or US Citizenship and Immigration Services (USCIS).

### Handshake

Please check with the International Programs Office before applying for any jobs. International students CAN work on campus, for up to 16 hours a week on any Seattle Colleges campus. F-1 visa holders can only work off campus in special circumstances and always need permission before they start working. If you need to work off campus to complete a course requirement, please contact your International Programs office.

### College Registration Tips:

You can find more information and Registration

Tips online here: <https://www.seattlecolleges.edu/ctclink/ctclink-students/registration-tips-ctclink>

Class schedules are available at: [North](#) | [Central](#) | [South](#)

Before you begin, we encourage you to review the help guide: [How to Browse and Search for Classes](#).

## Do I really need a permission number for every class?

There is some confusion about when students need to request permission numbers (formerly known as entry codes) because the Permission Number Box automatically appears on the registration page. You do not need a permission number for every class. We encourage you to go through the process to register for your courses, and if you need a permission number, the system will inform you after you click the Enroll Button. If you do need a permission code, you can get the permission number from your International Programs advisor.

## Tuition Reminder:

Tuition and fees must be paid in full within seven business days of enrollment OR by the first day of the quarter, whichever comes first. Failure to pay on time will result in DROPPED CLASSES. Now that the quarter has begun, please pay any remaining balances immediately, and for any classes that you have added or changed.

## SCIE - Seattle Colleges Institute of English Registration for Spring Quarter

### SCIE Quarter Dates:

Summer 2022	
SCIE	June 27— Aug 19

## SCIE - Seattle Colleges Institute of English Class Notice:

**Reminder** — there are no student-initiated changes to SCIE classes. Changes of class times or courses are no longer permitted this quarter. Changes of level are permitted ONLY by an instructor's recommendation and the approval of the Dean. You will have the opportunity to choose your classes and class times next quarter.
