IMPORTANT INFORMATION REGARDING COVID, VACCINES AND ON CAMPUS RETURN:

Seattle Colleges is returning to some in-person services in Fall. However, due to the constant changes with COVID and state regulations, it is important to keep up to date with the latest information. Below are some resources for students on what to expect at Seattle Colleges:

In the interests of everyone's health and safety, Seattle Colleges has chosen to be a [fully vaccinated campus per Governor Inslee's higher education proclamation](#). **This requires all students, staff, and faculty to be fully vaccinated for COVID-19.** An individual is considered fully vaccinated [two weeks after receiving the final dose of the vaccine](#). Exemptions to this requirement may be granted for medical or sincerely held religious reasons.

All students are required to report their vaccination status or file for an exemption by Nov. 1, 2021. **Students who do not report their vaccination status or claim an exemption by Nov. 1 will not be allowed to register for Winter Quarter 2022 classes until they report their status or file an exemption.** Seattle Colleges is returning to some in-person services in Fall. However, due to the constant changes with COVID and state regulations, it is important to keep up to date with the latest information. Below are some resources for students on what to expect at Seattle Colleges:

End of Quarter Reminders:

Graduation: Are you graduating this quarter? Be sure to apply for graduation. If you have not already done so, start making plans for after graduation: transfer out, OPT, traveling/returning home, etc.

OPT: If you are graduating in this quarter or the next and would like to apply for Optional Practical Training (OPT) after your degree, it is time to apply! Students who are eligible should contact their advisor then begin preparing the materials for the application. Processing by USCIS can take up to 3 months, so be sure to apply soon!

Vacation: Are you planning to take a vacation during the next Quarter? If so, then submit your Vacation Request to your advisor online through [SCDGlobal](#). Your advisor will check your eligibility for a vacation and respond to you by email.

Travel Signature Requests: Do you plan to travel outside of the United States? If yes, check the travel signature on your I-20! **Students must have a valid travel signature on their I-20s when re-entering the United States.** At the border, an officer will check the signature and date to confirm that you are still a student at our school.

NOTE: You may be denied entry to the United States if you do not have a valid travel signature on your MOST RECENT I-20. Previous I-20s will not be accepted at the border.

A travel signature should not be more than 9 months old at the time of re-entry. Check the date of the last signature. If it will be more than 9 months from the travel signature date to the date you return to the U.S., then you need a new signature. **Request a travel signature by stopping by the IP office with your I-20 or by requesting a re-print online through SCDGlobal. These requests may take 3-5 business days.** Please Be sure you also have a valid F-1 visa IF you will travel outside of the United States (apart from Canada). If you have any questions about traveling, email the IP office today.

I-20 Extension: If your I-20 is expiring and you need more time to complete your studies, you must submit an I-20 Extension Request through the [SCDGlobal](#).

SCDGlobal:

SCDGlobal is where students can go to submit their immigration and insurance requests such as: an enrollment letter, a vacation quarter, purchasing or waiving insurance, reduced course-load request, graduation quarter request, or a replacement of lost/damaged I-20 online

To access SCDGlobal go to this website:

<https://iom.seattlecolleges.edu/istart/controllers/start/start.cfm>

College Registration Tips:

You can find more information and Registration

Tips online here: <https://www.seattlecolleges.edu/ctclink/ctclink-students/registration-tips-ctclink>

Class schedules are available at: [North](#) | [Central](#) | [South](#)

Before you begin, we encourage you to review the help guide: [How to Browse and Search for Classes](#).

Do I really need a permission number for every class?

There is some confusion about when students need to request permission numbers (formerly known as entry codes) because the Permission Number Box automatically appears on the registration page. You do not need a permission number for every class. We encourage you to go through the process to register for your courses, and if you need a permission number, the system will inform you after you click the Enroll Button. If you do need a permission code, you can get the permission number from your International Programs advisor.

North:

Let's Talk is a nationally acclaimed mental health model for college campuses that we're excited to bring to North starting **Monday, November 22nd**.

Developed at Cornell University, this initiative offers students the chance to have casual, drop-in consultations with a counselor about whatever they want to discuss. For the duration of Fall quarter (until December 15, 2021), the North counseling team will be offering virtual drop-in hours and we plan to offer in-person drop-in hours beginning Winter quarter.

Students do not need to make an appointment or fill out any paperwork. All consultations are confidential.
