

Accelerated Associate of Business

Are you planning to major in Business or a business-related field such as Marketing or Finance? Would you like to earn your Associate of Business degree faster than normal? Are you a high-achieving student who is mature and can manage an intense schedule? If you answered YES to all three questions, our accelerated Associate of Business degree is right for you!

Save Time AND Money

Students who enroll in our University Transfer or High School Completion Plus program and choose the accelerated degree option can save time by completing their Associate of Business in just 15 or 18 months, rather than the normal 24 months. In addition to saving six to nine months of study time, students can save thousands of dollars in living and other expenses.

Please note that the accelerated Associate of Business degree option may require students to take a larger class load each quarter and/or enroll during Summer, and is intended for mature, motivated, high-achieving students who can manage an intense schedule while maintaining their physical and emotional well-being.

Qualifying Majors

The accelerated Associate of Business degree option is only available for the following majors:

- Accounting
- Actuarial Science
- Banking and Finance
- Business Administration / Business Studies
- Business Economics
- Business Information Systems
- Finance
- Hospitality Management
- Hotel and Restaurant Management
- Human Resource Management
- International Business
- International Trade
- Management
- Management Information Systems
- Marketing
- Sports Management
- Travel Industry Management

How Can I Apply/Enroll?

To enroll in our accelerated Associate of Business degree, complete an online admission application, select University Transfer or High School Completion Plus as your intended study program, then indicate your preference for the accelerated Associate of Business degree option.
