

Vision, Mission, Values

Vision

Seattle Colleges International Programs engages global citizens to learn and contribute to a community dedicated to the betterment of our world through education, engagement, and service.

Mission

Seattle Colleges International Programs, recognized for advancing global education through innovative programs and partnerships, develops global leaders and international citizens by offering exceptional educational, career, and service opportunities to students, faculty, staff, and the greater Seattle community.

Values

Seattle Colleges International Programs supports the four strategic goals of Seattle Colleges:

- Inspires, teaches, and practices intercultural understanding and competence in support of diversity, equity, and inclusion.
- Supports cumulative and reciprocal education by celebrating the growing knowledge and deepening context of our students, while continuing to learn from them.
- Respects collaboration and strives for high-performance teamwork in the planning and delivery of innovative programs and services.
- Values and creates community-building and student engagement opportunities.
- Holds ourselves, as a team and individually, to high standards of accountability, excellence, integrity, and respect.
